

Wash

Unique linear system delivering soft washing light to vertical or horizontal surfaces

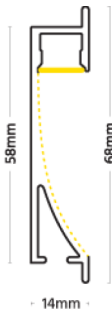

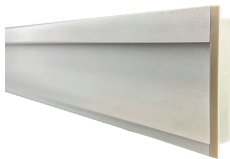

Product Code: WSH-070-REC-RGBW3090-0500-O-WHT

Wash 70 is a refined recessed linear lighting system designed to deliver soft, uniform illumination across vertical and horizontal surfaces. Seamlessly integrated into ceilings or walls, the profile gently washes adjacent surfaces with light, creating a smooth and visually comfortable distribution that enhances architectural form and materiality.

Ideal for commercial, hospitality, education and public environments, Wash 70 contributes to a balanced visual environment while maintaining clean architectural lines. Its low-glare performance and uniform illumination make it particularly well suited to projects where occupant comfort, spatial definition and aesthetic integration are key design considerations.

LED Colour	RGBW				
CCT/Wavelength	Red (625nm)	Green (530nm)	Blue (470nm)	White (3000K)	Combined
LED Lumens	51lm/m	230lm/m	41lm/m	210lm/m	532lm/m
Power	2.2W/m	2.2W/m	2.2W/m	2.2W/m	8.8W/m
Input Current	92mA/m	92mA/m	92mA/m	92mA/m	366mA/m
Input Voltage	24VDC				
Typical CRI	90+				
LED Configuration	Single RGBW 500lm LED				
LED Module Increment	55.5mm				
LED Spacing	9.26mm				
Maximum Continuous Run	10m (Single Feed), 20m (Dual Feed)				
Mounting	Recessed with Spring Clips				
Beam Option	Opal Diffuser				
Finish Colour	White
